

PE and School Sports Funding 2017-18

The Government have provided funding for the a few years now to improve the quality and breadth of PE and sport provision. *'Schools are free to determine how best to use the funding to improve the quality and breadth of P.E. and sport provision, so that all pupils develop healthy lifestyles and reach the performance levels they are capable of.'* **The following information has been taken from the <https://www.gov.uk/guidance/pe-and-sport-premium-for-primary-schools#funding-for-the-pe-and-sport-premium>**

How to use the PE and sport premium: Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport they offer. This means that you should use the premium to: develop or add to the PE and sport activities that your school already offers; make improvements now that will benefit pupils joining the school in future years.

For example, you can use your funding to:

- hire qualified sports coaches to work with teachers
- provide existing staff with training or resources to help them teach PE and sport more effectively
- introduce new sports or activities and encourage more pupils to take up sport
- support and involve the least active children by running or extending school sports clubs, holiday clubs and [Change4Life](#) clubs
- run sport competitions
- increase pupils' participation in the [School Games](#)
- run sports activities with other schools

Lytchett Matravers Primary School – How do we Use the Funding?

The planned use of the PE and school sport funding at Lytchett Matravers Primary School has been extremely effective in improving and sustaining high quality teaching and learning of PE and sports provision. As quoted in our recent OFSTED report ***"The school uses the additional government sport funding very effectively. This has resulted in pupils' increased participation in sport, and has raised staff knowledge, skills and confidence. This in turn has improved achievement overall in physical education."*** June 2015.

We are pleased to announce that we were awarded the GOLD MARK in October 2018.

2017-18 IMPACT REVIEW

Total Sports Premium Funding Received:

	2013-14	2014-15	2015-16	2016-17	2017-18
Lytchett Matravers Primary School	£6052.00	£10230.00	£9834.00	£9856.00	£15,633.00

Four years ago, the school employed a Sports Coach to work alongside every class teacher in Years 1,2,3,4,5 and 6, co-teaching one PE lesson weekly, building the teacher's confidence to coach invasion games as well as build competitive sports across the school. This was very successful and more teachers are now taking part and supporting extra-curricular sports clubs, which has impacted upon the percentage of children participating in extra-curricular sports and achieved lasted impact in terms of teachers PE CPD.

Differentiation within invasion games has been high on the agenda for the past two years, with a special focus placed on the teaching of Athletics, to encourage greater impact on progress for all children across all abilities. Teachers have developed their confidence even further in developing differentiation across PE. This has had an extremely positive impact on the children's ability, learning and skills within PE. Enhanced differentiation is evident on all PE lesson plans. We have recorded an increase in teachers' subject knowledge, skills and confidence to provide high quality lessons and build our capacity to deliver sustainable P.E. provision.

The school has always strived to increase pupil participation in all physical activity and this year, the figures have risen again. The funding had a huge impact on the children as more pupils than ever are joining lunchtime and after school Sports Clubs. **The number of pupils joining and attending lunchtime and after school Sports Clubs has increased again this year, reaching a superb 134% of our children engaging in an extracurricular sporting activity every week as many of our children now attend more than one sporting club.** Our school sporting teams have competed and qualified in countless Level 1,2 and 3 fixtures, raising the profile of PE and inspiring our children to take part in more sport and physical activity.

This year we have competed in tournaments and festivals against other schools in Equestrian, Handball, Athletics, Tag Rugby, Netball, Football, Tri- Golf, Swimming, Sailing, the Manor Mile, Cross Country Competitions and Championships and Cricket. This has varied our sports clubs that we offer which has meant the school is working hard to address the global issue of childhood obesity. Children of all ages and ability ranges including the lesser active children have been inspired to take part in more physical exercise for fun and to try and challenge themselves to get into a team to represent the school. We have once again arranged for our children with SEND to participate in the Dorset School Games 'Can Do Festival'.

Our Year 5/6 Sports Leaders are continuing to raise the profile of PE across the school have been working with the Play Leaders Team to plan playground activities and more opportunities for extra-curricular activities across the school. This will continue to remain an area for development in 2018-19.

Finally, this year the School achieved the Gold School Games Award for the third year running, which we are extremely proud of.
