

Maths

Fractions- The children will learn, half, quarters and thirds. They will learn that fractions are equal parts that make up the whole shape or amount. The children will learn the correct vocabulary related to fractions and will be encouraged to use it in their answers.

Height and length- the children will learn how to use a ruler accurately and measure in cm and m. They will compare lengths and heights and use related vocabulary. Remember to log on to Mathletics and TT Rockstars for homework.

English

Texts: The Owl and the Pussycat and Tadpole's promise.

The children will be learning to use noun phrases, role-play in character and make predictions, They will be writing a sequel to The Owl and the Pussycat using rhyming words. Tadpole's promise is full of adjectives and the children will be exploring using them in their own work.

Spellings: The children will be practising Year 1 and 2 words and spelling patterns – please log onto Spelling Frame for your child's spellings to learn at home.

Art

This half term the children will be exploring tones and shades of colour. We will colour mix, looking at which colours you can make. This will then influence our final piece which will be in the style of Kandinski. We are looking forward to creating our own Kandinski art gallery!

Year 2

Spring Half Term 2

Computing

E safety: keeping ourselves safe online and knowing what to do if help is needed. This term we are also learning to code. Coding is a computer language that helps us program and tell a computer what to do.

Journeys

History/Geography

Our topic this half term is 'Journeys' and we will take a historical approach. The children will learn all about the first moon landing, the history of different transport and the fateful journey of the Titanic.

Music/French

In music, the children will be split into 2 groups. Half of the children will be learning the recorder whilst the other half learn songs, dances, rhythms and movements. French- The children will continue following the character Harry as he finishes his French adventure. The children will be learning to order items in shops through role play and puppet play.

Science

We are learning about our bodies and how we can stay healthy. We will explore how exercise makes us feel and what it does to our bodies. The children will learn about different food groups and they will plan a balanced meal, explaining what food groups they have used.

RE

Judaism- The children will learn about the values of the Jewish faith, traditions, customs and places of worship. They will learn about the 10 commandments and think about what rules they think are important to follow to live a good life.

PSHE

Alongside all our PSHE is the well-being of our children. We encourage the children to always share their problems so they are happy and ready to learn. This half term the children will be valuing difference, knowing it is OK to be different and being respectful of others differences.

PE

This half term the children will be playing invasion games. They will learn how to intercept, defend and work cooperatively as a team. They will explore finding a space and controlling a ball or equipment they have.
